EXPLANATORY NOTE

Under Article 2, Section 5 of the Constitution mandates the State to provide for the protection of life, liberty, and property, and promotion of the general welfare of the people.

Road accidents and road traffic crashes is the second leading cause of injury or death with a mortality rate of 8.2 per 100,000 population in 2007 and 7.7 per 100,000 population in 2008. In 2006, it was reported that 1,185 deaths and 5,870 non-fatal injuries happened along national roads and highways.

Republic Act No. 8750 or the Philippine Seat-belt Law mandates the installation of seat belts in front and rear seats of private vehicles. Likewise, it prohibits children below six (6) years of age to occupy the front seat of any running motor vehicle. On the other hand the said law does not require the use of child restraints or child restraint devices for young children on board. This bill is addressing that problem by requiring owners of private motor vehicles to provide for the installation and use of age-appropriate child restraint device/s for young children riding in running motor vehicles.

It is for this reason that the undersigned members of the House of Representatives are proposing this measure and earnestly seeking its immediate passage.
