

26 September 2019

This is to inform the community that after the agreement on the Ground Rules for the CBA Negotiation on July 25 2019, both panels presented their respective proposals. On August 8 and 15, the ADMU-EWU presented their proposal, while the Administration presented on August 22. Both parties have made their respective presentations on their economic proposals, based on their independent research and relevant financial data provided by the Administration in accordance with law.

Sessions were held for clarification on the proposals. Negotiation proper started on 05 September 2019.

Currently, the parties are in the middle of the first round of negotiations and ask for the continued prayers of the community.

Fr. Jose Mario C. Francisco, SJ
Chair
