

ATENEO DE MANILA UNIVERSITY
SCHOOL OF SOCIAL SCIENCES

CONSENT FORM

I am aware that the application and confirmation fees for the Junior / Summer Term Abroad Program are payments necessary for the JTA/STA application process. I am aware that the application fee is to be paid by the applicant when s/he submits his/her Notice of Intent to apply for the JTA/STA program. I am aware that the confirmation fee is to be paid as confirmation of the slot to a partner university assigned to the applicant after s/he has been accepted to the program. I am aware that these fees are non-refundable, if in any case, the applicant does not push through with the JTA/STA program. I am aware that these cover the administrative fees related to the application process and pre-departure activities that the applicant will go through, with the assistance of the Office of International Relations (OIR). I am also aware that a part of the fee goes to the Internationalization Fund of the School of Social Sciences (SOSS), which will serve as seed money for financial assistance in the future to deserving underprivileged applicants to the program.

I am aware that the application and confirmation fees do not include fees related to accommodation, airfare, insurance, and visa application to the country of the school that the applicant was assigned to, and that the applicant has the responsibility to make arrangements for these. I am aware that aside from the application and confirmation fees, an International Student Exchange Program (ISEP) fee that is almost equivalent to one semester's tuition and fees must also be settled to get clearance for departure.

I am aware that paying the application and confirmation fees and other fees related to accommodation, airfare, insurance, and visa application does not guarantee the applicant's participation to the program. If the applicant fails to maintain a good academic and moral standing (cumulative QPI of at least 2.80, no F/W, no major disciplinary case), I am aware that the applicant will be disqualified from the program regardless of the total expenses that will have been incurred.

I am aware that if the applicant gets a failing mark in the courses that will be taken in the partner university as part of the program, these courses will not be credited by the SOSS. I am also aware that the courses that were not credited should be taken again once the student is back in the Ateneo de Manila University, which might result in an overload or a delay in graduation.
